The Health Department also has flu shots available at walk-in clinics at its main office, located at 11191 Illinois Route 185 in Hillsboro, on Mondays and Thursdays each week from 8:30 am to 3:30 pm. If special assistance is needed, please call 217-532-2001 when you arrive and the shot can be administered in your vehicle.

The cost of the regular adult vaccine is \$30. The cost of the high dose 65+ vaccine is \$65. The Health Department accepts cash and checks, and is also able to bill insurance companies, Medicare, Medicaid, and Medicaid MCOs for the vaccination.

MCHD would also like to invite any business that is interested in providing immunizations to its employees (minimum of 5) to contact its Hillsboro office to make arrangements for a nurse to come to the business and administer these shots.

COVID vaccinations will also be available at all of these clinics.

Please note: Montgomery County Health Department will be following CDC and IDPH guidelines.
